## CSO SEPARATION AREA 12.3

March 2005

The contractor, Counts & Dobyns, Inc., is continuing construction work in your neighborhood. The following work activities will be taking place this month.

- ***STORM SEWER WILL BE INSTALLED ON PERRYMONT AVE. FROM TREMONT ST. TO FORT AVE. PERRYMONT AVENUE WILL BE CLOSED TO THROUGH TRAFFIC DURING CONSTRUCTION.***
- The installation of a sanitary sewer will continue off road between Rhode Island Ave. and Biltmore Ave. and off road below Tremont St.
- Some of the sanitary sewer pipe will be rehabilitated without excavating. These pipe runs will be lined between manholes. In preparation to do this lining, some manholes will be replaced. Effected residents will be notified in advance of off road manhole replacement. Pipe lining may be done this month on Brentwood Ave., Forest Glen St., Chowan Ave., Tremont St. and Perrymont Ave.
- Placement of storm sewer will continue on Biltmore Ave. between Goodview Street and Hilltop Drive.
- Curb and gutter will be installed on Tremont St. between Perrymont Ave. and Rhode Island Ave.
- Sanitary sewer will be installed in the 800 block of Biltmore Ave. and off road toward Perrymont Ave.
- Please watch for and heed the "No Parking" signs in the various Work Zones.

During blasting operations, you may notice the sound and vibration similar to the vibration from lightning of a nearby thunderstorm. The Contractor and inspectors are using seismographs to record the magnitude of every blast. The blasting procedures are designed to maximize the safety of the workers and citizens and to protect the personal property around the blast site. We will conduct pre-blast surveys to record the condition of structures within 250 feet of a blast. The contractor will notify the residents in the immediate proximity of the blast each day that blasts will occur and an air horn blast warning system will be utilized.

**THE AIR HORN BLAST WARNING SYSTEM WILL BE POSTED AND READS AS FOLLOWS:**

**1 LONG HORN 5 MINUTES PRIOR TO THE BLAST**

**1 SHORT HORN 1-MINUTE PRIOR TO THE BLAST**

**1 LONG HORN AFTER THE BLAST TO SIGNAL ALL CLEAR**

The contractor has this two-year project scheduled into 4 Work Zones. The Work Zones are tentatively scheduled as follows:

1.	New Hampshire Ave. to Biltmore Ave.	June 2004 – March 2005
2.	Biltmore Ave. to Chowan Ave.	April 2005 – July 2005
3.	Chowan Ave. to Johnson Rd.	August 2005 – Nov. 2005
4.	Johnson Rd. to Tolley's Lane	Nov. 2005 – May 2006

We thank you for your patience and cooperation during this construction. Should you have any questions, please call any of the telephone numbers listed below.
